THE WORLD NEVER BEFORE SAW SUCH A MASS OF HOME TESTIMONY GIVEN TO ANY OTHER MEDICINE. Hampton's Vegetable Tincture!

THE GREAT DISCOVERY OF THE AGE! READ! READ! READ!

Joy to the World!—Hope for the Afflicted!—More Testimony from Home!

Testimony from Home!

BATHMORE, Sept. 11, 1851.

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accumpanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could searcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hamp-

ton's Vegetable Tincture!

ton's Vegetable Tincture!

This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is extensively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrofula—(his father was scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulegar that protruded over the eye-balls so as were much swollen, and turned inside out, exhibiting horrible mattering ulcers that protruded over the eye-balls so as to produce blindness. It is strange, yet true, this child, that I felt resigned to see die as a relief from suffering, has been restored to health under the treatment of Dr. Hampton.

"W. P. THOMASSON.

"Louisville, March 20, 1851."

REV. VERNON ESKRIDGE, U. S. N. Greater weight of Testimony cannot be given.

Greater weight of Testimony cannot be given.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable Tincture!"

Tincture!"

This certificate is from one of our largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

BALTIMORE, Feb. 4, 1852. Masses. Mortimer & Mowbray—Genns: Having been afflicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to wish, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which save we interest pain. which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Sus

When in this condition, Mr. Scott, Conductor on the Suquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegetable Tincture.

table Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a num-ber of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust healt ton's, which soon restored her to robust heat. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully,

ELISSA P. HORNE,

Monekton Mills, Baltimore county.

Stronger-Still Stronger! Can any unprojudiced mind in the world ask stronger tes-timony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? The writer is one of our mest highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time suffering under disease; his altered man been for a long time state large traces, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this BALTIMORE, Feb. 9, 1852.

Messrs. Mortimer & Mowbray—Gentieren: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last freen years I have suffered very much from Acute Rheumatism and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my prezent good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully,

\$60,000 per week, besides \$4,000 for carrying mails. If this seroport is owned in shares of \$50 each, a single share will produce an income of \$20 per week.

It is ascertained, by a minute and careful estimate, that an aeroport 150 feet long, and capable of carrying five persons at a speed of sixty miles per hour, may be constructed for \$1,500. Now, having been disappointed of the funds requisite to put this invention in operation on a scale of practical utility, I propose that if three hundred persons will subscribe five dollars each, payable when the whole amount of \$1,500 shall have been subscribed, I will forthwith construct this pioneer acroport, (which may be done in six weeks;) and when this is put in operation, I can readily command the requisite funds for constructing a large aeroport, as above mentioned. And I will so arrange that each subscriber, on the payment of the said sum of fire dollars, shall be furnished with a regular title-deed, which shall entitle the holder thereof to one three-hundredth part of the first large aeroport that shall be constructed, and of all benefits and emoluments that may be derived therefrom for twenty years; the said aeroport to be kept in repair without expense to the shareholders. Subscribers will not be restricted to single shares, but each may hold as many as he is disposed to subscribe for at first; and will receive dividends accordingly, which, according to the foregoing estimate, will be \$20 per week on each share, payable weekly or monthly. Subscribers may send their names to my address by mail, (prepaid,) and the same will be duly entered on the subscription-book, (which already contains about fifty names of subscribers may send their names to my address by mail, (prepaid,) and the same will be duly entered on the subscriber a title-deed, as above stipulated, and will act as treasurers for the shareholders, and transfer the money to me as the progress of the work.
